Teacher review

Activity was recorded on four days, with return visits to School and Homework.

Speaking / learning assessment: Not assessed from website activity. Confirm in class or through a teacher-reviewed task.

Next week: one clear target

Continue short sessions on four days. Say or listen to the question before every answer.

For parents and carers

Ask Mia to choose one question and give an answer. Encourage an attempt before offering help.

How to read this report

Active minutes mean time with the page visible and recent interaction, excluding idle time. Audio plays count playback starts, including repeats; they do not prove that audio was heard or completed. A visit does not mean a lesson was completed. No activity recorded may include offline practice or untracked use. These are proposed measurement definitions.

Digital filing: one PDF per student per week. Suggested delivery: a secure teacher download with an optional email notification; share only the individual student report with their parent or carer.

Teacher review

Two short visits were recorded. This shows limited recorded activity, not a measure of effort or ability.

Speaking / learning assessment: Not assessed from website activity. Confirm in class or through a teacher-reviewed task.

Next week: one clear target

Try three short sessions using Family. Work with one question and one Starter answer at a time.

For parents and carers

Check access to the website and volume. Agree a convenient practice time without pressure.
